City Budget Adoption Set For Monday

Redwood City's city budget will be adopted at a special meeting of the city council Monday morning at 10 o'clock, City Manager C. L. Dimmitt announced.

The first draft of the budget was presented to the council early in June after department heads had compiled estimates of their expenses for the fiscal year that started July 1.

Total amount of the proposed budget at that time was $323,453.96, an increase of $40,069.71 over the total expenditures of the previous year.

In the last two months the council has conducted several departmental hearings in which amounts of the requests were adjusted and reconciled. How much the amount was reduced during these hearings was not announced by Dimmitt, although it was indicated a considerable saving had been effected.

The city's tax rate, based on the proposed $323,453.96 draft, would be $1.567. Tax rate for last year was $1.34.

In addition to adopting the budget, the council will sit as a board of equalization at its Monday meeting and also will transact other routine city business.

Byron (Whizzer) White, Colorado All-American football star, was rejected by the United States Marine Corps when he volunteered because of color blindness.

On Sequoia 'Defense Bond' Show Tonight

The Fox Sequoia Theater announces "Shepherd of the Hills," a technicolor feature starring John Wayne, Betty Field and Harry Carey, on tonight's "Defense Bond" show. Also on this program will be Cesar Romero in "Dance Hall."

Officials, Newsmen To Be Heard

A mass of material that has been gathered by the committee studying proposed revisions of the San Mateo County Charter will be discussed with interested parties at three separate meetings to be held by the charter study committee in the near future.

The committee was formed to study the charter with the view to eliminating several objectionable features that had been pointed out by the Tribune.

First of the series of meetings will be held — probably on Aug. 19—with editors and publishers of the county attending.

The second meeting will be attended by members of the committee and Frederick Peterson, county executive.

Members of the board of supervisors will be called to the third session.

After all parties have been heard, the committee will undertake to formulate a report on its study and present it to the public.

Exhaustive study of charters of other counties is being made to gain further information on the local problem, committee members reported following their meeting Tuesday night.

Steel Plant Proposed For This Side of Bay

Establishment of a first class steel plant in the northern part of San Mateo County or San Francisco was proposed Tuesday as the Civic League of Improvement Clubs and Associations of San Francisco urged Mayor Angelo J. Rossi to enlist support for their program.

Henry J. Kaiser of Oakland is negotiating to bring the plant to the Pacific Coast and the league's efforts are being directed toward assuring its establishment in San Francisco or adjacent San Mateo County.

Thousands of workers would be employed in the defense plant which would fabricate steel which had been reduced from ore mined in Utah and Colorado.

SIX ACRES GRASS BURNED

A grass fire late Monday afternoon burned over six acres of grazing land a mile north of the county relief home. The fire was on land leased by Will Tevis Jr. Someone attending a picnic at Oak Grove Park was believed to have started the fire by dropping a cigaret in the dry grass.

Boom Seen By Hickey

San Mateo County's home population is destined for an increase as soon as Junipero Serra Blvd. is completed, in opinion of Supervisor Thomas L. Hickey.

Completion of the new high-speed highway between the San Francisco County line and Millbrae Ave. in Burlingame will open up thousands of acres of scenic homesites, according to Supervisor Hickey.

"Real estate," said Supervisor Hickey, "is a safe investment, particularly in areas fed by a great highway. The thousands of beautiful home sites in the tree-covered hills west of El Camino Real and below Skyline Blvd. will mean a real estate boom for San Mateo County when Junipero Serra Blvd. is completed."

Supervisor Hickey said that as soon as the public becomes fully aware of the fact that Junipero Serra Blvd. will open a vast new area for home development, the boom will be on and prices will increase.

Supervisor Hickey in company with Andrew J. Gallagher, president of the highway district, and Supervisor Alfred Roncovieri of San Francisco, today inspected the resurfacing work now being done on Junipero Serra Blvd. between Cypress Lawn and Sneath Ln. Plans are already afoot to begin construction of the second link between Sneath Ln. and Crystal Springs Rd.

Mrs. Charlotte Paynter Dies Following Illness

Following a 16-month illness, Mrs. Charlotte Mary Paynter, who was born 77 years ago in Redwood City and had lived here or nearby all her life, passed away Tuesday in a Millbrae sanitarium.

Mrs. Paynter, widow of Erasmus Paynter, had lived since her husband's death in 1933 with her brother, Henry McGarvey, 649 El Camino Real, Redwood City. She leaves no other close relatives.

South America contains about 14 per cent of the world's land surface.

Remodeling Begins For New R. C. Store

Remodeling work has started on the building at 2629 Broadway, Redwood City, formerly occupied by Purity Stores and more recently by Everybody's Store, for the opening Aug. 27 of a liquor and cigar store by Dan Lebo, who is moving to Redwood City with his wife and children, Charles and Mildred, from San Francisco, where he has been associated for 23 years with Gantner & Mattern Co. A modernistic exterior in glass and fixtures of bleached Philippine mahogany are two of the outstanding features to be built into the store, which will be, according to Lebo, the finest of its kind in the state outside San Francisco.

Many motorists have learned that cool, bubbling soft drinks are pleasant refreshers on long trips. These sparkling beverages give drivers the renewed energy and alertness so important on the road.

School Budget Meets Slated for Tonight

Public hearings on proposed budgets for 1941-42 school years have been set for 8 o'clock tonight, in their respective school buildings, at the following schools: Woodside, Ravenswood, Menlo Park, San Carlos and Belmont.

The Mohammedan faith is estimated to have 219,000,000 followers.

Looks Pretty -- And Sings Too

Patsy Parker, who has sung with a number of orchestras including those of Ted Weems, George Olson and Harry James, will be one of two vocalists featured when Lou Watters brings his jazz band to Redwood City Saturday night for the second in the series of Summer dances featuring "name bands" and promoted for benefit of the recreation center. The dance will begin at 9 p.m. at the outdoor platform on Bayshore Hwy.

2 Vocalists Featured

Not only will there be excellent dance music offered when Lu Watters plays at the outdoor dance Saturday night at Redwood City's Recreation Center.

Two widely-known vocalists will be on hand to sing throughout the evening.

Lovely Patsy Parker, throaty blues singer who has sung with Ted Weems, Harry James and George Olson, and Clarence Hayes, NBC baritone heard daily over Stations KGO and KPO, will be brought to Redwood City by Watters, leader of the jazz orchestra which has been engaged for this second in the series of summer dances featuring "name bands."

The orchestra, which formerly played in Hollywood at the Beverly-Wilshire Hotel and in Ocean Park at the Casino Ballroom, has lately been playing at Anderson Fair Grounds in Redding and currently appears at the Dawn Club in San Francisco. It has also appeared in the famous Sweet's Ballroom in Oakland.

Tomorrow night from 11 to 11:30 o'clock the orchestra will be heard over Radio Station KYA.

Watters, who was here last week to make arrangements for the dance with the committee headed by Joseph E. Primeau, has a New Orleans or Dixieland type of orchestra featuring such songs as Georgia Camp Meeting or Jazz Me Blues, but in Redwood City will play all varieties of tunes to please everyone, the leader said.

Admission to the dance will be 75 cents, including tax. Service men in uniform will be admitted for 50 cents.

Grocers' SALAD FAIR Features Salad Roll

THE menu of the smart restaurant offers many suggestions for varying the daily bill of fare.

Successful restaurants must of necessity be expert in anticipating what dishes will please the greatest number.

One dish frequently served and enjoyed in the fashionable eating place is the Salad Roll. Surprisingly, though, one is rarely served a Salad Roll in the home. This is even the more surprising when one considers how simple the Salad Roll is to prepare and how adaptable it is for whatever meat, fish or fowl the homemaker may have on hand. This recipe tells how to prepare a tempting Chicken Salad Roll like the one illustrated.

Chicken Salad Roll

6 soft rolls, oblong
2 cups cooked chicken, cut in pieces
1 cup celery, diced
1½ teaspoons salt
2 oranges, sections free from membrane, diced
2 tomatoes, sectioned
Romaine
Watercress
Best Foods *Real* Mayonnaise

Remove a thin slice from top of roll and scoop out a portion of it. Spread inside of roll with *Real* Mayonnaise and place on individual plates on salad greens. Fill each roll with a mixture of chicken, celery, salt and oranges and top with *Real* Mayonnaise and watercress. Garnish with tomato sections and watercress. Serve with *Real* Mayonnaise. Yield: 6 servings. Note: Chicken, celery, salt and oranges may be mixed with ½ to ¾ cup of *Real* Mayonnaise before filling roll.

Elimination of Center Strip At Harrison-Camino Urged

Possibility that the Redwood City City Council will take action toward eliminating the proposed center strip in the new El Camino

H. S. Kallam, assistant divisional engineer for the Southern Pacific Railroad, appeared before the council to request the city's co-operation in having the strip eliminated. Under the present plans of the State Highway Commission, the center strip will run continuously from James Ave. to Jefferson Ave.

The railroad company uses Harrison Ave. for trucking freight from its team tracks. Kallam said trucks picking up southbound loads would be required to go from the freight yards north to James Ave., and make a U-turn at the busy intersection, creating a traffic hazard that would be obviated if the dividing strip were not installed at Harrison Ave.

REJECTED BY STATE

The engineer said the highway commission already had turned down a request for the concession but he said it should be reviewed for safety reasons and believed that the city should join in bringing the matter to the commission's attention.

It was pointed out that moving the railroad company's freight shed from its present location to a point south of the passenger depot would obviate the railroad company's problem at Harrison Ave. Several civic organizations have been agitating for the removal of the freight shed for some time.

The council overruled a request filed by Floyd L. Baird that money he paid as a deposit on a real estate purchase contract be refunded to him. City Manager C. L. Dimmitt reported that $120 of the money had been paid to C. H. Holt in real estate brokers' commissions before Baird cancelled his deal with the city because he could not obtain from the city planning commission the permission to divide the lot which he agreed to purchase.

'WAITED TOO LONG'

Councilman Evans A. Fletcher said he believed Baird had waited too long before seeking the refund and on his motion it was agreed to offer Baird an unexpended balance of $87.50 which the city is still holding from the original deposit.

A. W. Palm of the city real estate department was authorized to collect a 2 per cent commission on city real estate deals which were handled by other brokers.

W. L. Meussdorffer appeared to protest use of a wooden pole for a street light that is being erected near his property on El Camino Real. He protested that steel poles are being put up on one section of the street and said it was unfair to property owners on other parts of the highway to have the less attractive wooden poles.

City Manager Dimmitt explained that steel poles were being used only on the parts of the new highway where they had to be set in concrete over the culvert where installation of wooden poles was impossible. Dimmitt and Fire Chief Mark E. Ryan explained that the wooden poles cost only $9 while the steel poles cost about $65 and steel was being used only where necessary.

MEET MONDAY AT 10

Meussdorffer's continued insistence that he was being discriminated against resulted in a sharp exchange of words between him and Councilman George W. McNulty before the matter was referred to Dimmitt and Ryan, who will try to set the offending pole in a place where it will not obstruct access to the property.

The council adjourned until Monday at 10 a.m. when it will sit as a board of equalization and then resume discussion of some matters that were put over from last night's meeting.

Moffett Graduation Open to Public

MOFFETT FIELD — The full color of a military pageant will be presented here Sunday afternoon when the upper class "41-H," in training at this basic flying school holds its final cadet review, preceded by an hour and half band concert by Moffett's recently organized post military band.

Lieut. W. D. Baker, flying officer who organized the 40-piece band as an extra-curricular activity, will handle the baton for the concert as well as command his men during the retreat review.

Front gates of Moffett will be thrown open to the public for the first time during the review, previous parades having been held on Saturday mornings when only visitors with business were permitted on the post.

Three hundred and twenty-five cadets will march in the parade and stand inspection for their commanding officers. The concert will begin at 2:30 while the review is slated for 5:30 p.m.

The cooperative movement has been an important factor in improving agricultural conditions in Thailand (Siam).

Local USO Seeking Permanent Status

Redwood City's United Service Organizations campaign committee will ask Mayor Harold F. Anderson to name a group to be in charge of local USO activities until the organization is disbanded.

This was the decision of the campaign committee Tuesday at a meeting called to make a final report on the recent fund-raising drive.

The committee agreed that it was appointed only for the purpose of raising funds during the July drive and that its job has been finished. However, it was the consensus of those present that a local USO committee can be useful and Mayor Anderson will be asked to name such a committee here.

Discussion of ways in which such a committee could be of benefit to service men in this area were discussed.

The committee passed resolutions thanking the people of Redwood City for their co-operation during the drive. Resolutions of appreciation of the work done by Floyd F. McCue, committee chairman, and Howard I. Wood, manager of the campaign, also were adopted by the committee.

Alaska has no division into counties but has four "judicial" districts.

Half Million Dollar Gain

Value of public utility holdings in San Mateo County reached an all-time high this year, according to assessed valuation figures released Tuesday by the State Board of Equalization.

The board set the value of utility holdings in the county at $13,222,450 which is greater by $523,940 than a year ago.

The public utilities' valuation for the county is in addition to the $112,982,913 assessed valuation of private property in the county recently reported by County Assessor Martin J. Flynn.

When he announced the assessment figures early in July, Flynn pointed out they showed a gain of $4,863,030 over the county's assessed valuation for 1940.

Value of the regular assessment rolls plus the public utility valuations brings the county's total to $126,205,363.

George R. Reilly, first district member of the board of equalization, said that statewide valuations for public utilities also reached a record high this year with the valuations throughout California being set at $1,035,305,760, which is an increase of more than $24,000,000 over last year and will result in an increase of more than $1,000,000 in the utilities' tax bill.

The assessed valuation, as determined by the board, is compiled only as a basis for local taxation, Reilly said, and he estimated that county governments of the state would receive around $36,000,000 in taxes from these sources.

Statewide holdings of 248 companies had to be studied to compile this year's figures. The gas and electric companies were found to have the largest holdings with railroads second and telephone and telegraph companies third.

'Meet John Doe' at Redwood

A dramatic moment from "Meet John Doe" which opens Sunday at the Redwood Theater. The dramatic film stars Gary Cooper and Barbara Stanwyck with supporting roles portrayed by Edward Arnold and Walter Brennan. Companion feature is "For Beauty's Sake," a comedy with Ned Sparks and Joan Davis.

'Personality' Series Set To Begin Within Few Days

The long-awaited series of biographical sketches and portraits of prominent Redwood City-zens will begin in the Tribune within the next few days.

This series, by Artist George Everette Stratton, will start with a figure of prominence in local affairs and be devoted to outstanding leaders in business, civic and social circles of this district.

ARTIST STRATTON

Emphasis will be placed in the historical biographies on factors which have contributed to the success of Stratton's subjects in their various lines of endeavor. Highlights not generally known about the civic leaders will make the series outstanding in interest.

Stratton is widely-known as a caricaturist and portrait artist. In newspapers throughout the nation his pen and ink drawings and his short biographical articles have been published. His pen is equally effective whether drawing a likeness or outlining a life.

A good, hard coating of wax will keep the dust from clinging to Venetian blinds.

Ice Follies Nearing End of S.F. Run

Now nearing the end of its current run at Winterland, in San Francisco, the spectacular Ice Follies of 1941, latest edition of the world's greatest musical revue on ice, is setting an all-time box office record for Bay Area entertainment.

The glittering ice show, presented nightly by a cast of international skating stars, is making its third visit to San Francisco and is proving to be a bigger-than-ever attraction for both local people and out-of-towners.

Removed entirely from the step-by-step limitations of other forms of entertainment, the Ice Follies has developed a personification of grace and rhythm combined with color and beauty. The most masterful effects of modern showmanship have been blended into the production to provide a spectacle which has drawn patrons back time after time.

The current presentation of the Ice Follies is entirely different from the one which delighted thousands of people in San Francisco last year and the year before, as well as others throughout the country. Program, music, routines, costumes and lighting have all been changed.

Comedy is being stressed, along with the graceful performance of highly trained precision numbers which feature the gorgeous "Ice Folliettes." Comedians again include the renowned team of Shipstad and Johnson; Frick and Frank, the McKelland Brothers and others. Evelyn Chandler and Bruce Mapes, Bess Ehrhardt and Roy Shipstad, Fran Claudet and Osborne Colson, Idi Papez and Karl Zwack are among the other famous ice skating stars appearing nightly.

A starfish is unable to turn to its right since it has no right or left side.

'Jack' Poole Replaces McAuliffe on Draft Board

Resignation of Judge Edward I. McAuliffe as a member of Redwood City Local Draft Board 106 has been accepted by Governor Olson and the state executive has appointed John H. (Jack) Poole to replace him, McAuliffe announced Tuesday.

Pleading that the duties of his office as justice of the peace have become too pressing to allow him to do justice to both positions, McAuliffe submitted his resignation last week but waited until its acceptance to announce his move. Poole, son of Supervisor John W. Poole, is engaged in the trucking and transfer business in Redwood City.

McAuliffe has been a member of the board since its inception 10 months ago and at present is board chairman. Poole will be seated and a new chairman will be elected at the board's next regular meeting, Thursday evening.

While plans for sending four more selectees to the army on Aug. 19 were being made by the local board, three or four men sent to San Francisco yesterday were inducted.

Thomas A. White, one of the selectees sent to the induction station, was reclassified to class 1-B and returned to Redwood City.

350 Substandard Homes Being Used by Renters Within Redwood City

Findings of an unofficial "spot check" of housing conditions in Redwood City made by Sequoia High School this Spring were upheld today by the San Mateo County Housing Authority, according to Perry A. Bygdnes, chairman. He disclosed that further refining of the data collected indicates that the prevalence of substandard units in Redwood City is greater than that originally supposed and brought out in the Sequoia report.

There are more than 350 definitely substandard dwelling units in Redwood City occupied by tenant families, according to survey tabulations.

The definition of "substandard housing," Bygdnes stated, was interpreted strictly and was based upon three criteria: The structure being unfit for human habitation, needing extensive major structural repairs, or possessing no sanitary facilities.

MANY INCOMES UNDER $1600

Seventy per cent of the tenant families living in substandard units were reportedly receiving incomes of less than $1600 a year. Seventy-five per cent of these families were receiving average annual incomes of less than $900. Sixty-three per cent of the families receiving less than $900 a year were spending one-third or more of their total income for the rental of substandard units.

Six per cent of the families included in the surveys were receiving public assistance. In breaking down these rent and income figures, it was found that out of all funds reported by families receiving public assistance over $265 was spent for each family annually for unsafe, insanitary, definitely substandard dwelling accommodations. The value of rent represented in most cases about 50 per cent of their total income.

Bygdnes stated that the survey was conducted by the authority, with the co-operation of the city, in order to determine the number of tenant families who are living in substandard dwelling units. All costs of the survey were borne by the housing authority at no expense to the city. Local residents, as in the case of other communities where surveys have been conducted, were employed by the authority for the actual enumeration of housing conditions.

SAN MATEO ASKS FUNDS

In San Mateo, where a similar survey was conducted, a $153,000 loan from the federal government has been requested to build some 30 new homes to replace an equal number of unsafe, insanitary, substandard units. This work is being carried on through the co-operation of the City of San Mateo and the housing authority, the authority providing all funds and meeting all debts, obligations and expenses.

It is anticipated that average rent for these new homes will be about $18.50 a month, including all utilities and service charges. They will be available only to families receiving low annual incomes who are residents of the county, are American citizens and are living in definitely substandard dwelling units.

A further requirement may be established, should conditions warrant: Families in order to reside in the homes must have been residents of the city for a stipulated period of time immediately prior to their rental of the home.

Families who can afford to live in decent, safe and sanitary quarters will not be approved for rental of these homes, Bygdnes added.

The housing authority is under the direction of a board of commissioners composed of five prominent county citizens, in addition to Bygdnes: Gaston Periat, San Mateo; Ralph MacArthur, Daly City; Mrs. Ruth Bradley, San Mateo; Rev. Charles E. Ward, Redwood City.

Natchitoches, the site of Louisiana State Normal College, was the first white settlement in Louisiana — founded in 1714, four years before New Orleans.

R. C. Woman's Sister Passes Away in South

Mrs. J. S. Whitcomb, 147 Grand St., has returned from Huntington Beach where she attended funeral services Saturday for her sister, Mrs. Mary A. Bradford.

Mrs. Bradford had made her home in Huntington Beach for about 10 years and previously was a well-known resident of Burlingame.

Mrs. Whitcomb's daughter, Mrs. Frank Smith, went to Huntington Beach with her to attend the funeral. Mrs. Alice Thomas, Mrs. Whitcomb's mother, who had been making her home in Huntington Beach, returned to Redwood City with the local women. She now will make her home here.

Three Hurt in Crash On Skyline Boulevard

Two Atascadero residents were injured seriously and a Belmont woman who was riding with them was hurt slightly in one of San Mateo County's few traffic accidents over the weekend.

Mr. and Mrs. John Carrar, both 73, and Elizabeth Proto, 51, Belmont, were injured when the car, driven by Carrar, went out of control on Skyline Blvd. and crashed into an embankment yesterday afternoon.

Two ambulances, one of which was involved in a minor accident en route, were sent to the scene by Redwood City Ambulance Service.

All three victims incurred lacerations and Mrs. Carrar was being treated for a possible back injury. Mrs. Proto suffered a broken rib. Carrar had a broken nose.

Several San Franciscans were hurt in accidents in the extreme north end of the county, and in an accident at South San Francisco Saturday night, Mrs. Lucy M. Doyle, 74, San Mateo, incurred rib fractures and Albert Sargenti, 21, South San Francisco, contusions on both knees.

Two persons were injured and one driver was arrested as a result of weekend accidents in San Mateo.

Thomas Cussen, 21, San Francisco warehouse clerk, was booked on a charge of driving while drunk after his automobile allegedly struck the rear of another, driven by Mervyn H. Kouns, San Mateo, then sideswiped another machine, operated by Joseph Garrett of San Jose.

Mrs. Adele Kouns suffered shock and a back injury.

In another three-car crash, Charles Balestri, 19, of San Francisco, suffered a laceration over the right eye.

Homing pigeons used by the U. S. Army live about eight or nine years.

WPA To Re-establish Recreation at M. P.

MENLO PARK—Members of the Menlo Park Recreation Committee have received assurance the Work Projects Administration will provide a recreation director for the community three days a week starting Sept. 1.

Mrs. W. E. Moore of Menlo Park, who was associated with the department before WPA aid was withdrawn because of "lack of co-operation" two months ago, will direct activities on a part-time basis.

The program was re-established at the request of the recreation committee and the Menlo Park City Council. Mrs. Moore has been working at the recreation center a day and a half a week during the past two weeks.

1170 Pounds Aluminum Collected in M. P.

MENLO PARK — The Menlo Park Lions Club completed its drive for aluminum in the community yesterday when it sent 1170 pounds of discarded pots and pans to the concentration center in San Francisco.

An oil pipeline will carry up to 30 per cent more gasoline than crude oil, according to the American Petroleum Institute. The exact difference depends upon the gravity of the crude.

BETTER LIGHT for BETTER SIGHT AT HOME!

In most cases of eye-strain or early need for glasses, the lighting at home by which the student works at night has been the chief provoking factor.

By all means look to your home lighting under which your children study. If you answer "yes" to these questions, your home lighting is faulty: Are frowns and scowls apparent? Are any bare lamp bulbs glaring out from beneath fixture bowl or lamp shade? Is the lamp on the study table short and squatty so that it stands in a little pool of light? The light upon the study table should be diffused generously over the entire working space. There should be a well-selected ceiling fixture to provide lighting over the whole room.

Good lighting at home is a MOST important item in your child's back-to-school equipment. It is one of the least expensive items, too. When children have Better Light for Better Study, better grades invariably follow.

Procter & Gamble Offer Life Income

A new contest was under way today with the largest amount of cash prizes ever offered by Procter & Gamble. The winner of the grand prize will have the choice of a regular weekly income of $30 every week for life or $25,000 in one lump sum. In addition there are 25 $100 prizes and a $1000 prize every week for a period of six weeks ending Sept. 13. This long list of large cash prizes is made possible because this contest is jointly sponsored by two well-known products, Oxydol and Camay.

Contestants are being asked to write a last line to a jingle. The jingle and full details of the contest are available at dealers.

Interesting is the fact that both the type of contest and the prizes were determined by interviewing women to find out what kind of contest they liked to enter and what prizes they wanted most to win. The annuity won hands down. Next to a regular income women preferred cash prizes.

The survey also established the fact that contestants would rather write a last line to a jingle because this can be easily and quickly done than write a letter or do any one of the other things usually required in contests.

MENLO PARK NEWS NOTES

Memorial services honoring the late Judge Charles A. Shurtleff, former member of the State Supreme Court, were held in the chamber of the high court of the state in the state building Tuesday. Addresses were made by prominent attorneys of the Bay region. The judge maintained a home on Ringwood Rd.

★ ★ ★

The Stribling Building on the highway has been moved back 100 feet to make way for the present widening of the county road. Mrs. Stribling is constructing an annex to the old structure. All buildings on the highway must be moved back this year. Work on the other houses will start shortly.

★ ★ ★

The owner of the Menlo Park Theater announced yesterday that a start on the proposed new $125,000 show house on the highway nearly opposite the grammar school building would begin next month and be completed by the end of the year.

L. E. Harris has sold the Menlo Park Recorder which he started many years ago. He contemplates an extended vacation in the East.

★ ★ ★

Since the first of the year 16 new dwellings were built in Stanford Park and plans for 10 more were proposed. The choice locality and reasonable prices of the lots are responsible for the mild boom.

It was rumored this week that the Mills Estate, opposite the depot, would be subdivided and sold in lots. The miiltary academy has been closed for months. When Edgar Mills lived there it was one of the show places of the Peninsula. The estate originally consisted of adjoining lands and buildings across Oak Grove Ave. to Glenwood St. It was then owned by the Meyer family.

PURSE IS STOLEN HERE

A purse belonging to Mrs. C. M. Coffinberry of the county library was stolen Monday from her desk in the library, she reported to police. Mrs. Coffinberry lives at 147 Birch St., Redwood City.

Slight Delay Faced In Street Widening

Widening of Jefferson Ave. near Civic Center is under way, with a large palm tree in the post office yard having already been moved back to make room for the addition.

Work on the street is being delayed temporarily, according to City Manager C. L. Dimmitt, until work has been completed by Pacific Gas & Electric Co. The PG&E is removing the poles from the street and will install ground cables.

The street is being widened 10 feet to make it 80 feet. It will be widened from the jog near Broadway to Middlefield Rd. The work is expected to be completed in about 60 days, Dimmitt said. Peter Sorensen is the contractor.

SAN MATEO COUNTY SEAT — AN INDEPENDENT NEWSPAPER

Adobe Remodeled for Use Of Moffett Field Soldiers

Peninsula Branch, Civilian Hospitality Service, recently incorporated as a nonprofit organization to provide entertainment for men in Uncle Sam's army, is working this week to remodel the Adobe on Moffett Blvd. for use as a recreation center for soldiers stationed at Moffett Field.

Mrs. George Dickson Clark Jr. of Los Altos, chairman of the Peninsula committee, said the building is being completely redecorated and probably will be ready for an official opening late this month.

Carpenters and painters are donating their services on holidays and in their spare time, Mrs. Clark said. Two complete households of furniture have been given to the organization for use in the center, a billiard table has been donated and other materials are being given, either free of charge or at reduced cost.

SOFAS NEEDED

Needed most now, Mrs. Clark said, are several large sofas. So far none has been contributed and at least three or four will be necessary in completing the furnishings of the recreation center. The furniture which now is available is being stripped and re-upholstered under the direction of Mrs. Phyllis Fout. There is a shortage of covering material, however, because defense industries are using most of the sturdy types of cloth. Stout, serviceable materials, such as old English linen drapes, can be used if available.

Mrs. Willard Somers is chairman of the committee in charge of painting the Adobe; Mrs. Phillip Fitzgerald heads the committee on accessories; and Mrs. Alaton Hague is in charge of transporting materials to the new center.

CLUB LOUNGE PLANNED

Mrs. Clark said the Adobe will be furnished as a club lounge with overstuffed chairs and sofas, occasional tables and lamps, a free circulating library, a billiard table, ping-pong table and all types of table games.

Men at Moffett Field will be members of the club, with soldiers serving on all committees and assisting with entertainment and as co-hosts with civilians. Present plans call for eight civilian hosts and hostesses, each night, with no other civilians being allowed in the building. Mrs. Clark emphasized the fact the club is for army men and will not be available to civilians, other than qualified hosts.

Candy, soft drinks, and cigarets will be available in the lounge, but no other refreshments will be served, at least during the opening weeks of the center.

SUBSCRIBE TO PAPER

An effort will be made to secure subscriptions to as many home town papers as possible and popular magazines will be obtained by subscription.

Although the organization has approximately $1000 with which to work, more funds are needed, according to Mrs. Clark. The Palo Alto United Service Organizations chapter has contributed $500 outright and has guaranteed $25 a month to upkeep of the club. Other USO groups on the Peninsula which have local funds either have guaranteed support or are being asked to assist in the program.

The hospitality service is attempting to secure small radios, additional furniture and phonograph records, both classical and popular.

ENTERTAINMENT SLUMPS

Mrs. Clark said the home entertainment program of the Peninsula group is progressing, but that during the vacation period it has slumped. A thousand men were entertained in homes during the first two months of the committee's existence, but only about 30 men a week are being entertained at the present time.

Mrs. Clark said:

"Civilians who are not away on vacation should remember that the soldiers don't get any vacation and still are in need of entertainment."

SMALL PARTIES URGED

Large parties are discouraged because the men see enough of large group activities at the post. Parties where from one to five boys are entertained are preferred, Mrs. Clark said.

Persons who wish to entertain may call Mrs. Sidney Levy, PA 2-3715; Mrs. Elizabeth C. Howe, PA 5708; Mrs. J. Davis, PA 2-308; Mrs. Reynolds McHenry, Los Altos 2580; Mrs. Austin Losse at Sunnyvale or Mrs. Robert Chandler at Los Gatos. Mrs. F. M. Moulton of Palo Alto is chairman of activities for colored soldiers.

NYLON BRASSIERES 1.50

The ideal warm weather garment with the famous Nylon wearing qualities and styled by Elaine of Hollywood. The shoulder straps are adjustable . . . Fit-4-size back and for strength—they are stitched with Nylon!

White, nude—sizes 32 to 38.

The aim: your usual good telephone service

While Defense Needs Soar!

Production! More production! And MORE production!

America's sleeves are rolled up for the task—and the telephone's sleeves are rolled up, too.

This company and the whole Bell System try to keep facilities always ahead of demand. We believe in margins for emergencies. Now the emergency is here. The margins are being used.

We are engaged in one of the largest plant expansion programs in our history.

The aim is unchanged. That is, to see to it that you at all times have fast, dependable, courteous and attentive service.

Why Should You Buy SAFEWAY PRODUCE?

Because—Safeway maintains its own expert buyers in all important producing areas.

Because—Safeway's stream-lined distribution system rushes produce direct from the farmer to inspection plants where it is double-checked for quality.

Because—With no time wasted a *controlled delivery* system speeds just the proper amount—no more—of fruits and vegetables that are expected to be sold by each store each day.

Because—Safeway's modern new policy of selling "by the pound" means you can always buy just the *amount* you want, just the sizes you like—and get *full value* for your money on every purchase.

Because—All this adds up to mean that right in your own neighborhood you can always count on getting a wide assortment of the finest, freshest vegetables and fruits right at their peak of appetizing goodness.

And Finally Because—Safeway's Farm-Fresh produce is *guaranteed* to please you or your money refunded.

PUBLIC NOTICE

Bailie, Turner & Lake, Attys., and J. H. O'Conner, Atty.
NOTICE OF SALE OF REAL PROPERTY AT PRIVATE SALE
No. 173,956

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF LOS ANGELES.

In the Matter of the Estate of MICHAEL F. O'DEA, sometimes known as M. F. O'DEA, Deceased.

NOTICE IS HEREBY GIVEN that under and pursuant to the law made and provided, the undersigned Citizens National Trust & Savings Bank of Los Angeles and Ben H. Brown, Public Administrator of the County of Los Angeles, as administrators of the estate of Michael F. O'Dea, sometimes known as M. F. O'Dea, deceased, will sell at private sale, to the highest and best bidder, subject to confirmation of said Superior Court, on or after the 18th day of Aug., 1941, at the Trust Department of the Citizens National Trust & Savings Bank of Los Angeles, 457 South Spring Street, in the City of Los Angeles, County of Los Angeles, State of California, all the right, title and interest of said deceased at the time of death and all the right, title and interest that the estate of said deceased has acquired by operation of law or otherwise, other than or in addition to that of said deceased at the time of death, in and to all that certain real property located in the County of San Mateo, State of California, and described as follows:

A portion of Lots numbered one (1) and two (2) as same is shown on the "Map of Subdivision of Sweeney Ranch, near Redwood City, San Mateo Co.," filed in the County Recorder's office of the County of San Mateo June 24, 1898, in Book "C" of Original Maps at page 36 and copied into Book 2 of Maps at page 97, described viz:—

BEGINNING at a point on the Northerly line of that certain 60 foot private road now known as Bay Road, distant thereon S. 80° 58' E. (Called S. 80° 45' E. on said map) 1299.31 feet from the most Westerly corner of said Lot 1, said point of beginning being the intersection of said Northerly line of Bay Road with the Easterly Corporate Limit Line of the City of Redwood City; thence from said point of beginning along a line drawn through such intersection at right angles with the Southerly line of Bayshore Highway N. 8° 51' E. 1047.48 feet to said Southerly line of Bayshore Highway as established by Deed from Michael F. O'Dea to State of California, dated March 28, 1928, and recorded December 20, 1928, in Book 394 of Official Records at page 44; thence along the Southerly line of said Bayshore Highway S. 81° 09' E. 4337.85 feet to the Easterly line of said Lot 2; thence along said Lot line S. 29° W. (called S. 28° 52' W. in said Deed to State) 1491.76 feet to the Southeasterly corner of said Lot 2; thence along the Southerly line of said Lots 1 and 2, being the Northerly line of Bay Road N. 64° 30' W. 143.22 feet, N. 74° 45' W. 855.36 feet, N. 74° W. 1275.78 feet, N. 78° W. 1132.56 feet and N. 80° 58' W. 437.15 feet to the point of beginning. EXCEPTING therefrom property conveyed by Deed from Michael F. O'Dea to City of Redwood City dated September 18, 1930, and recorded October 22, 1930, in Book 504 of Official Records at page 38, described as follows: "Beginning at a point where the Southerly line of Lot 2 intersects the Westerly line of Lot 3, as shown on that certain map entitled "Map of Subdivisions of Sweeney Ranch near Redwood City, San Mateo Co.," filed in the office of the County Recorder of San Mateo County June 24, 1898, in Book "C" of Original Maps at page 36 and copied into Book 2 of Maps at page 97; thence along the Southerly line of Lot 2 said line also being the Northerly line of a 60 foot road known as Bay Road, N. 61° 49½' W. 51.02 feet; thence leaving said line and across Lot 2 N. 25° 30½' E. 756.95 feet; thence S. 81° 12' E. 103.23 feet to a point on the dividing line between said Lots 2 and 3; thence along said dividing line S. 28° 59' W. 790.46 feet to the point of beginning. Containing 1.32 acres and being portion of Lot 2 of the Sweeney Ranch designated on the above mentioned map."

CONTAINING a net area of 109.4 acres, more or less.

Terms of sale: Cash in lawful money of the United States on confirmation of sale, or part cash and balance evidenced by note secured by mortgage or trust deed on the property so sold.

Bids or offers must be in writing and will be received at the Trust Department of the Citizens National Trust & Savings Bank of Los Angeles, 457 South Spring Street, Los Angeles, California, or at the office of Ben H. Brown, Public Administrator of Los Angeles County, 137 North Broadway, Los Angeles, California, at any time after the first publication hereof and before date of sale. The undersigned expressly reserve the right to reject any or all bids.

Dated this 1st day of Aug., 1941.

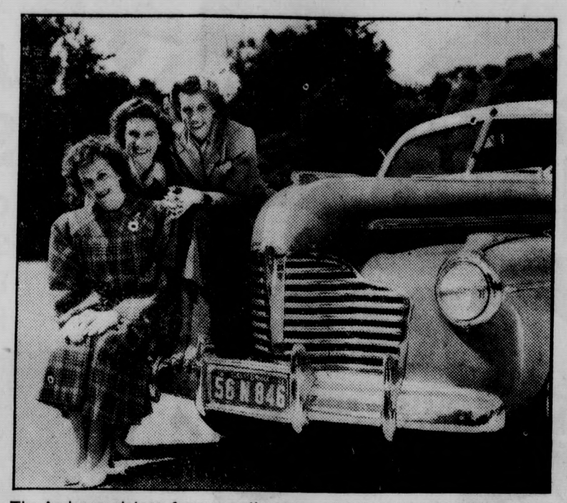
Orchard Avenue Home Damaged by Fire

Fire believed to have started in the electric refrigerator connections did $1500 worth of damage Wednesday to the H. Rigel residence, Box 125, Orchard Ave.

Firemen who answered the alarm sent in by neighbors found no one at home. The blaze was confined to the kitchen of the five-room stucco home. Other parts of the house were damaged by smoke. A pumper and a ladder truck, manned by 14 men from the Redwood City Fire Department, answered the alarm.

For cool allure during the summer months, spray cologne on the body after your every tubbing or shower.

"BOOGIE WOOGIE GIRLS"



The Andrews sisters, famous radio, stage, and screen luminaries, are here shown with one of a newly purchased fleet of four new 1941 Buicks—one for the personal use of each and a Buick Limited model for mother and dad. Left to right: La Verne, Maxene and Patty.

Archaeological explorations of the various ruins in Crete indicate that its civilization in 3400 B.C. was equal to that of the Egyptians.

Statistics gathered by an airline for a period of months indicate only about three out of every 1000 plane passengers become airsick.

Canadian gold production for the first quarter of 1941 was 1,293,518 ounces, compared to 1,261,535 ounces the first three months of 1940.

WORKING MEN and WOMEN
and ALL friends of
Organized Labor---

DO YOU REALIZE

How Vicious . . . How Serious
How Unfair
is
The so-called "HOT CARGO" and "SECONDARY BOYCOTT" Act
Passed by the Last Legislature
?

IN YOUR OWN INTERESTS
SIGN
The Petitions for a Referendum that are new being circulated !

This Act is Unfair and Unjust ---
IT PROHIBITS EMPLOYEES but in the Act, there is NOTHING to PROHIBIT EMPLOYERS from using this as a means of:

1—Enforcing unfair working conditions upon their employees

2—OR, (by shifting work from one plant to another) to penalize ALL working men and women. . . .

IT IS, in effect, a "Secondary Boycott" on LABOR
